z arganovim oljem,
hidroliziranimi
proteini kvinoje in
hialuronsko kislino

with argan oil,
hydrolysed quinoa
proteins and
hyaluronic acid

NO PARABENS • NO SLS • NO SLES

SI

Učinki:

- nežno očisti lase in lasišče ter ohranja naravno raven vlage v kodrastih in valovitih laseh.
- Izboljša videz kodrov in valov; jih naredi bolj definirane ter zmanjša krepavost.
- Lasem povrne prožnost in mehko ter pomaga ohranjati naravno obliko kodrov.
- Redna uporaba preprečuje izsušitev, olajša razčesavanje in povečuje obvladljivost.

Uporaba: šampon med dlanimi emulgirajte s kapljico vode, razporedite po mokrih laseh in lasišču, nežno vmasirajte ter temeljito sperite. Postopek ponovite dvakrat.

Bogata tekstura šampona lase intenzivno neguje, zato za optimalno elastičnost kodrov in mehko priporočamo temeljito izpiranje z mlačno vodo.

Za optimalen rezultat v svojo rutino vključite še Naturavit balzam ali energijsko masko ter Beach waves sprej za dodatno nego in definicijo kodrov.

EN

Effects of use:

- Gently cleanses the hair and scalp while maintaining the natural moisture balance of curly and wavy hair.
- Improves the appearance of curls and waves, enhances definition and reduces frizz.
- Restores hair elasticity and softness while helping maintain the natural shape of curls.
- With regular use, helps prevent dryness, facilitates detangling and improves manageability.

Directions for use: emulsify the shampoo between the palms with a drop of water, apply to wet hair and scalp, gently massage, then rinse thoroughly. Repeat the process twice.

The rich texture of the shampoo intensely conditions the hair; therefore, thorough rinsing with lukewarm water is recommended for optimal curl elasticity and softness.

For optimal results, include Naturavit conditioner or energy mask in your routine, as well as Beach Waves Spray for additional care and curl definition.
